"Bamboo Blade" is an action-adventure Visual Novel developed by Silveraxis. Also known under the title "Bamboo Dolls", the game is based on a manga by author Takayoshi Arai, with character designs by CLAMP's Junji Goto. Story Souma Tsukishima is a young musician whose life is just a blank slate. That is, until one day, his mother, Kuzunoha, hands him a fine bonsai on his way to school. This bonsai - aptly named Bamboo Doll - is one of the rarest in Japan. It was once in the possession of a prestigious famous, but it has been missing for a while. Desperate to bring his beloved bonsai back, Souma sets out to find it. And in the process, he meets two very powerful witches in town. Determined to make a name for himself, he forms a band, and begins performing at the town square. His band is called "Trinity", and they draw quite a following. A decade has passed, and Souma has grown up. A dutiful son, he always helps his mother out, and never asks for anything in return. But as he grows older, a new sense of purpose develops, and he begins to question his priorities. A change is coming... Seasons There are two seasons in the Bamboo Blade world. Spring is the beginning of the growing season. Most of the action in the game takes place during this time, and while the joys of life can be enjoyed during this time, the world as a whole is going through an upheaval. The realm of witchcraft is coming into bloom, and the imbalance of good and evil is growing. Summer is the time for harvest, and nature is flourishing. The dark forces are beginning to return to the world, and truces between the good and evil are starting to break down. Dawn is a kind of girl, who lives in gloomy and dark place, and though, she is just like any another normal human girl, she is just way different that anyone else. She is usually alone, but being a loner, she doesn't think of her loneliness as a bad thing. She instead lives with the terrifying memories that come in the form of a job she's forced to do. In the darkness, she believes in a mythical kingdom called the "Lightning Kingdom" where the mythical beings known as the "Lightning Animals" live. Where each and every one of them has their own unique and special features, and where even the simplest one is infinitely more complicated and beautiful than anything she could have imagined. Only, once in the

village, the mysterious "Lightning Animals" and their lightning beasts have been taken away, and she's stuck in the lands she left only a few hours ago. She has to find her way through and deal with this conflict between the real world and the mysterious one. By Fox-Juan Watch 61 Favourites 12 Comments 4K Views Shiness: The Lightning Kingdom is an anime created and produced by Crunchyroll and Kodansha, directed by Keiichi Hara (Hakkenden: The Legend of Flame Birds) and written by Taro Ishibashi (The Secret of Twin Dragon Island). It aired on Tokyo MX on July 22, 2018, simultaneously with Manjuu Sentai Qlay-ho (Transformers

vs. Gokaiger vs. Dekaranger), also on Tokyo MX. The series stars Chiaki Omigawa, Ayaka Kitō, Aoi Nagahama, and Yu Asakawa as the main character Shishioh. The series focuses on Shishioh, an ordinary girl who is sent to work as a high-class maid in a prestigious family; after years of servitude, she questions her purpose and whether to continue working as a maid. She is soon shown to be the last descendant of a long-ago lightning tribe as she is now capable of entering a special realm known as the Mana-Morada. She discovers that she is an heir to the Mana and, after tracing her lineage, is revealed to be a goddess. She is eventually revealed to have been chosen to become a main goddess in the Mana-Morada and her future as an ordinary human came after several seasons of her training to acclimate herself to life in the land of gods. Maherian is a language spoken by the lightning tribe that mainly consists of non-verbal actions and shishioh is featured speaking it in Shiness: The Lightning Kingdom.
